

2009-10 Membership Application

We know the challenges that physician couples face – work/family life imbalance, reduced reimbursements, long hours, and fear of lawsuits -- and we are here to support you. Won't you join our organization to help provide support to all physicians and their families in Iowa? We have worked side-by-side with the Iowa Medical Society to stop cuts in Medicare, develop programming to assist medical students in making career choices, as well as implementing community programs that address current health issues. For more information about our activities, please visit our website at www.ims-alliance.org

We hope that you will join us in our efforts and help us make our state a healthier one. Please return the membership form below. Your \$65 will help support the programs of the Iowa Medical Society Alliance and the American Medical Association Alliance. Your membership is important, your influence vital and your participation welcome. If you have any questions, please contact us.

Sincerely

Jane Patten and Sheila Drevyanko
